

### **Cllr Emily O'Brien's Report for 4<sup>th</sup> October 2022 Meeting**

Cllr Johnny Denis's report has covered most of the issues but I would just add that:

- I gave evidence to the planning inspector for the Croudace appeal, on water quality, on behalf of Ringmer Parish Council, and tried to persuade him of the unacceptable levels of sewage discharge
- I am chasing the environment agency for more information about the incident with fish deaths at Glynde Reach.
- I have supported several residents re. repairs and made requests to the Lewes District Council housing team.
