

**LDC & ESCC March 2024 Report**  
**Cllr Johnny Denis**

I am attending the Parish council mtg tomorrow. I was hoping for an update on the pool for a report hence the delay.

I have been updated today and it's disappointing to say that the new plant and decoration delays have caused a new date of September for recommissioning (I hope that means opening). I will continue to press for its opening at the earliest possibility.

I have had reports of abandoned vehicles in more than one village. Residents and the Parish Council can continue to log these on [operationcrackdown.org](https://operationcrackdown.org) and they are assigned to the respective organisation to deal with. You can also check if a suspect vehicle is taxed and has an MOT here:

I look forward to seeing you tomorrow

Johnny
