

### **June update - Cllr Lucy Agace**

I expect you have heard the CEMP v.5 for Thakeham APP has been approved and on the planning portal.

I have finally heard back from the officer who is overseeing **LW/24/0214 | Erection of two storey adjoining dwelling, two storey rear extension to existing dwelling with solar panels | 18 Anchor Field Ringmer East Sussex BN8 5QN** and can report that the applicant has been told its not acceptable in its present form. The applicant has retreated to come back with a different design.
